

(V.O.T.A.I.)

PARDON ME

PARDON ME but I find it necessary to mention AND, POINT out that Society along the I.D.O.C and Prisons, Across America are resistant to Gods Will and the acceptance, OF forgiveness.

THE I.D.O.C prison systems are unnecessarily over crowded, CURRENTLY it's an estimated two point three million men, AND women in prison, and collectively a total 6million, PEOPLE fills the Judicial trough of persons in prison AND, OR on parole probation, house arrest, etc. etc.

THE MEDIA and public relation executives purposely, EXAGGERATE the dangerousness and security levels of, PRISONS to solicit extra funding to line the pockets, OF crooked prison officials and guards who flagrantly, ABUSE over time that inflates pay rolls by claiming, FALSELY the need for more guards per inmate to keep, DANGEROUS inmates in check.

RELATEDLY as is already exposed in previous data AND study, THE Illinois Judicial court system isn't properly following, ARTICLE 1, section 11 of the United States Constitution, When sentencing convicted persons in Illinois.

ARTICLE 1. SECTION 11, OF THE UNITED STATES CONSTITUTION, PROVIDES AS FOLLOWS THAT A CONVICTED PERSON IN ILLINOIS, SHALL BE SENTENCED WITH THE CONCEPT OF RESTORING THAT PERSON BACK TO USEFUL CITIZENSHIP.

TODAY PRISONS ACROSS AMERICA USE A COOKIE CUTTER PROTOTYPE, OF CORRUPT SCHEMES AND MACHINATIONS TO FALSELY EXAGGERATE, THE DANGEROUSNESS AND VIOLENCE WITHIN PRISONS TO BALLOON, THEIR PAY ROLLS AS THEY CLAIM THE NEED FOR MORE SECURITY AND OFFICERS TO PROTECT PUBLIC SAFETY.

MOREOVER THE INNER ACTIONS OF PRISONS AND THEIR OFTEN PRIVATE, HIDDEN LIFE STYLES HAVE BECOME VISUAL FODDER FOR REALITY, TELEVISION.

THE MORBID ALLURE AND COMMERCIAL FACINATION OF PRISON, LIFESTYLES CREATES A COMMERCIAL INTEREST THATS USED TO SUPPORT REALITY T.V.

IT APPEARS EVERYONE IS IN ON THE ACTION FOR MAKING MONEY, OFF PRISONS, ONE SUCH PERSON IS A COMPANY MAN BY, BOB BARKER, NOT THE BOB BARKER FROM THE T.V. SERIES GAME SHOW PRICE IS RIGHT, BUT A MR. BOB BARKER WHO HAS MADE A BUSINESS FROM SCRATCH IN SELLING PRODUCTS TO PRISONS, WHICH HE CRAFTED FROM A SMALL INVESTMENT FROM 1970 UNTIL NOW IN THE 2000S

Bob BARKER Now sits on the board of directors of
A million dollar Company that uses the space of
A 200,000 square foot building to manufacture
and supply products for prisons across many,
states.

THE Truth Needs very little support to reveal,
prison systems are operating on a fast track,
systematically and structurally using falsehoods and
backward policies to perpetuate a negative fake
news atmosphere that report prisons of today as,
being overwhelmingly dangerous apparatuses that
must be continuously fed with tax payers,
dollars to keep up with the always present
dangerousness of today's prison systems,
As a consequence of these exaggerated circumstances
the positive advancements of prisoners get overlooked.

THE american criminal justice system is in lock step,
with the purposeful disregard for the truth when it
comes to reported prison conditions, because the
powers that be want society to support and give
interest to lock 'em up and throw away the key
type mentality opposed to reform.

PARDON ME

PARDON ME but I think its worth mentioning that, PRISONERS through out the united states are doing a LOT more than whats being reported And recognized by Mass media to rehabilitate themselves and atone for THEIR previously negative and corrupt behavior, AND rightly so they should because thats part of Real Restorative Justice.

I've been incarcerated thirty-two-straight-years, AND forty years in total as part of my being a part of The Illinois prison industrialize system, AND complex, I've watched all soughts of inmates, PRISONERS, convicts, residents, alike rehabilitate, Themselves inspite of not because of a positive, NEED for reform by the efforts of the I.D.O.C.

Today's violent murders and killers make the old rehabilitated, prisoners that have been warehoused beyond their true debt, AND dangerousness to society look like a modern day boy, Scout or Jay Walker.

So PARDON me while I humbly suggest that governmental officials and legislators start looking toward prison reform.
